- (iv) ANY FURTHER CONDITIONS RELATING TO SPECIFIC SERVICES.

The terms of this agreement form part of the conditions of sale, and shall be incorporated into the 21CNS Terms and Conditions signed by the customer. These terms are to be read in conjunction with the 21CNS Terms and Conditions. If your Hosted phone service solution includes our Ethernet or EFM product then the Twentyfirst Century Network Solutions Ltd - Connectivity Terms and Conditions shall also apply. No individual set of terms will individually constitute a full service contract for this Service. In the event of any conflict or inconsistency between the terms within these conditions and the 21CNS Terms and Conditions, then the terms within these conditions will prevail.

1. THE SERVICE

1.1 We will supply you with the services in accordance with our conditions and the accompanying signed 21CNS Terms and Conditions.

1.2 All details specified on the final quote, 21CNS Terms and Conditions and are based on information supplied by you and/or collected during a site survey (remote or onsite), and may be subject to amendment in accordance with Clauses 1.4 to 1.6 below.

1.3 We and/or our subcontractors may conduct surveys to clarify whether the Service, Equipment, Installation Fee or Service Fee require amending.

1.4 Where we determine that amendments are required, we will submit to you a replacement quote and 21CNS Terms and Conditions reflecting any such changes. If the replacement 21CNS Terms and Conditions is agreed by you in writing or by email, the replacement 21CNS Terms and Conditions will immediately supersede the original 21CNS Terms and Conditions (which will be immediately cancelled). If you do not agree the replacement 21CNS Terms and Conditions, both the original 21CNS Terms and Conditions and replacement 21CNS Terms and Conditions will be cancelled by us 14 days after notification of such amendments.

1.5 Following the completion of the surveys and, if required, the agreeing of the replacement 21CNS Terms and Conditions, we will confirm to you when the Service will commence.

1.6 We will use reasonable endeavors to meet any agreed times or dates, but time is not of the essence in respect of those times or dates and you acknowledge that all timeframes are estimates only and that service levels are target service levels only.

1.7 Throughout the provisioning process, we will need to communicate with named member(s) of your staff to arrange access to your premises. Any delays to these requests by you will delay Service Commencement Date and we will not be liable for any such delay.

1.8 To enable us to provide the Installation Service, you will:

1.8.1 prepare the Sites and your networks in accordance with our instructions. You are responsible, at your own cost, for the power supply and arranging alternative power supplies if any temporary supply fails. Installing engineers may refuse to install equipment if they perceive a hazard or risk,

1.8.2 provide us with full access to your Sites and networks and make available such office and technology facilities as may be necessary for us to provide the Service,

1.8.3 provide a suitable operating environment for the equipment in accordance with the manufacturer’s operating instructions,

1.8.4 promptly furnish us with such information and documents as we may reasonably require for the proper performance of the Services,

1.11 If you do not return any equipment we have provided in the use of services under this agreement, as described in 1.10 you will be immediately liable to pay the recommended retail price of the equipment at the time of the termination of contract plus a £25 per unit administration fee.

1.12 You are required to protect your equipment with adequate business insurance for loss, theft or damage for any reason. You may either provide us with a copy of your business insurance or pay a small monthly asset insurance fee to us, this is individual to each purchase depending on the quantity and type of equipment provided but is a nominal amount cost available on request.

1.13 We reserve the right not to provide the Service to any Site and to withdraw our provisional acceptance of an order for reasons including, but not limited to:

1.13.1 the distance between a Site and our point of presence or its underlying service provider,

1.13.2 if a site survey finds that a site is not suitable for the provision of the Service,

1.13.3 if you do not agree to pay any excess construction charges or any other charges reasonably levied by us in addition to the charges initially proposed.

1.14 We or our nominated subcontractor will install the Service and will perform a series of commissioning tests to ensure that the configured Service is functioning correctly. On successful conclusion of the tests the Service will be deemed to be ready for use and we shall be entitled to invoice you for such Service from this date.

1.15 Provision of the Service may be subject to the completion of a satisfactory site survey(s) by us or our subcontractor. You acknowledge that it will be necessary for us or our subcontractor to visit the installation Site or Sites to conduct such survey(s) and for the purposes of installation.

1.16 Where an appointment is made for us or our subcontractor to visit your Site, including for the purposes of a site survey or for installation and the visit cannot be successfully completed due to:

a) the inability of us or our subcontractor, through no fault of our / their own, to complete the work,

b) the inability of us or our subcontractor to gain access to the site or sites or any part thereof which is necessary for the work,

c) the appointment is broken by you,

d) your failure to prepare the site in accordance with 1.8 or any other preparatory instructions we may have given you, or

e) any other reason where we or our subcontractor are not at fault, we will charge you with our standard aborted visit charge which may be applicable at the time. Rescheduled appointments following an aborted visit will be subject to new lead-times and will be confirmed to you at the time.

1.17 Unless otherwise agreed in writing between the parties you must agree an appointment for installation at a Site within 14 days of notification by us of our preferred installation date. In the event that you do not agree such an appointment, the appointment

AdaptiveComms Hosted Phone System Terms & Conditions

will be deemed to have been fixed for our preferred installation date unless a revised Required Date is subsequently agreed.

1.18 If your Hosted phone service solution includes our Ethernet, EFM or Assured access then, unless you have ordered an installation of the router, it is your responsibility to install the router at the Site or Sites where this is required and neither we nor our subcontractor shall bear any liability for any delay your failure to install may cause.

1.19 We will maintain your Service to the Service Demarcation Point.

1.20 Where we agree you may use/supply your own router for any part of the Service then you agree that all responsibility and liability for such equipment remains with you. Should we or our subcontractor visit your Site due to a fault which is later found to be caused by equipment not provided by us then we will charge you for such site visit and any additional costs incurred as a direct result. Use of your own router(s) will affect the Demarcation Point of the Service.

1.21 We do not issue any IP address to be used with this Service. Access to and use of this address is controlled by the internet authorities and its use is subject to any rules which they may prescribe. We reserve the right to withdraw or change this address if for any reason the address ceases to be available.

1.22 We will provide you with an internet portal account through which the Service can be controlled online. We shall use reasonable endeavours to maintain (but do not guarantee) access to such account 24 hours in every day on every day of the year and we shall not be liable for any losses caused by any restrictions in such access.

1.23 If you request and we agree to upgrade your bandwidth of the underlying access then additional charges will apply and we will advise you of these at the time.

1.24 The Service supports 999/112 public emergency call services and such calls will be routed to the national emergency call handling agents. However these services do not operate in the same way as PSTN fixed line 999/112 public emergency call services and connection to such services may not be possible in the event of a service outage caused by loss of connectivity to the internet for whatever reason. In such circumstances you should use a separate line to make the emergency call. Furthermore it may on occasions not be possible for emergency services personnel to identify your location and telephone number so this information should be stated promptly and clearly by you when making such a call.

1.25 Where we agree that you may use your existing or other new access circuits (including but not limited to broadband, Ethernet, leased line etc) not provided by us then it is your responsibility to ensure such access meets the necessary requirements and functionality as defined in the non-21CNS access Customer responsibilities document, a copy of which is available on request. Your failure to meet such requirements and functionality may result in quality and set up issues or may mean the Hosted phone service solution will not work. Where we do not provide the access, you agree that all responsibility and liability for such access remains with you. Should we or our subcontractor visit your Site due to a fault which is later found to be caused by access not provided by us then we will charge you for such site visit and any additional costs incurred as a direct result. Use of your own access will affect the Demarcation Point of the Service.

1.26 Where we agree that you may use a third party to install the Service then you agree to indemnify us from any direct or indirect claims or losses, financial or otherwise, that you may incur as a result of such installation by a third party. Use of a third party installer will affect the Demarcation Point of the Service.

1.27 At the end of each Working Day, if requested by us, you agree to sign off for the work carried out that day by us or our subcontractor. In the absence of an authorised representative then you agree that our sign off shall have equivalent effect as if you had signed it off. Such sign off shall not constitute full Acceptance as defined in Clause 2.

1.28 Where we provide you with any of the user based features (including but not limited to auto attendant, hunt group, call park, call pickup, call queue etc) and you have not allocated these features to a user then we reserve the right to recover such unallocated
