

Introducing Broadband Care from AdaptiveComms

Keep your business connected when your broadband is down with an enterprise grade, wireless router from AdaptiveComms.

According to a recent study, the total losses to companies in the UK due to broadband downtime is estimated at around £11 billion a year. Even if a broadband connection is down for a short period of time, businesses can still suffer significantly.

Broadband Care from AdaptiveComms will provide your business with a 4G router with unlimited data delivered to you within 24 hours of a confirmed broadband fault.

<p>INSTANT CONNECTIVITY</p> <p>4G /LTE (Cat 4), 3G, 2G</p>	<p>WIFI</p> <p>Wireless Access Point with Hotspot functionality</p>	<p>ENGINEER SET UP</p> <p>AdaptiveComms engineers will help you get set up</p>
